Tell us about yourself or your organisation?

sedcat is a community transport charity based in Bournemouth delivering low cost accessible transport for people who struggle to use public transport. Find out more about us here [sedcat](http://sedcat.org.uk).

Why are you a member of Bournemouth 2026 Trust?

As a local charity we decided that it would be an opportunity to keep up with developments within the community which would help us to plan services where they are most needed.

What does the Trust do for you as a member that you find valuable?

The Trust identifies inequalities based on evidence and we find this useful in identifying gaps where need exists. This helps us plan longer term and keep our services relevant. The networking and information events provide opportunities to meet and engage with others in the community who may be interested in using the services or signposting to us.

How do you see Bournemouth 2026 Trust being of value to Bournemouth?

The Trust is an independent organisation and able to challenge attitudes and use its influence to get the best for all members of the community. It is able to consult with a wide range of bodies including voluntary organisations and bring all views together to look at providing solutions which help the community where help is needed most. There are a wide range of issues which the Trust is looking to tackle which will improve people's lives and create opportunities for enterprise which will be interesting to see develop.
