Heritage Lottery Funding

by Kelly Spry-Phare

...An open call for community heritage projects.

From the archaeology under our feet to the historic parks we love, from precious memories to rare wildlife... the Heritage Lottery Fund uses money raised by National Lottery players to help people across the UK explore, enjoy and protect the heritage they care about. Through our funding we want to help sustain and transform the UK's heritage and fund projects that achieve outcomes for heritage, people and communities.

Bournemouth is a current Development Area for the Heritage Lottery Fund and we are looking to fund more projects as we've had fewer applications for funding than other places and communities in the UK. That's why we've adopted Bournemouth as a priority development area. Local organisations don't receive automatic funding, but our development officers work with groups in these areas to help them plan good projects and apply.

Outset Update

by Nuria Sanchez

Setting the benchmark: £3.36 value for every £1 invested in Outset

Outset, the award-winning start-up support service in Bournemouth, delivers a return of **£3.36** of social, economic and financial value for every £1 invested, according to a recent independent evaluation by NEF Consulting, leading experts in the field of impact assessment. That's more than **£38.5 million** of value created across the South West since 2009.

For the last eighteen months, the non-for-profit Outset service has been delivered throughout Bournemouth, thanks to funding from the European Regional Development Fund, Bournemouth Borough Council, J.P. Morgan and Bournemouth 2026. In that time, Outset has engaged with over **1000** local residents, and supported the creation of over **95** businesses and **130** new jobs in the area, though the total value Outset brings to the local community is much greater than that.
